

Foster Environmental Policy

At Foster, we strive to identify, quantify and understand the direct and indirect impact of our operations and cultivate innovative and attainable solutions for mitigating those impacts. We also comply with, and in some cases exceed environmental laws and regulations. We believe it is both good business practice and our duty to protect the natural and cultural resources of our community.

Foster Corporation has set out the following main environmental objectives:

- Reduce, reuse and recycle waste whenever possible.
- Improve the efficiency of energy usage.
- Constantly review aspects, objectives and targets for sustainability.
- Understand the requirements of customers, authorities and agencies.

We train our employees to conduct their activities in a safe and environmentally responsible manner.
